

LogiLink®

ΣThermostat

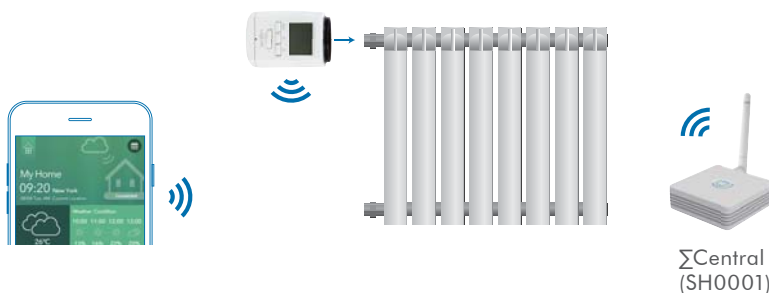

Art. No.: SH0010

An intelligent, programmable and energy saving Thermostat that controls your heating system from smartphones.

Features:

- » 8 individually programmable switch points per day
- » Could save up to 30% less on the heating cost
- » Quiet operating gear
- » Adjusting wheel for manually changing the room temperature
- » Heating and economy time/temperature can be set via menus
- » Goes easy on valves with ET valve-protection
- » „Window open“ detection
- » Timer function
- » Holiday times can be set separately
- » Fits on many well-known valve bodies (e.g. Heimeier, Danfoss, Honeywell Braukmann, Honeywell MNG, Oventrop from around 1996, etc.)
- » Easy to install with snap-on-adapter, no tools needed
- » ΣCasa JobLink supported

LogiLink®

ΣThermostat

Art. No.: SH0010

Specification:

Bluetooth	V4.0 Smart (Low energy support)
Operating Power	2 x 1.5V AA battery
Battery Life	1 year
WiFi Security Supported	OPEN, WEP, WPA, WPA2, WPA+WPA2
WiFi Encryption Supported	CCMP/AES, TKIP, TKIP+CCMP/AES
WiFi Authentication Supported	PSK
Actuating Power	120N
Ambient Temperature	0 ~ 50°C
Media Temperature	Max. 100°C
Display	LCD
Protection Class	IP20
Transmission Range	25m for mixed space, 100m for open space
Dimension	102 x 53 x 70.3mm
Weight	129g

System Requirement:

- » iOS 8.0 and above with Bluetooth 4.0
- » Android 4.3 and above on Bluetooth 4.0 ready devices
- » ΣCentral (SH0001)
- » ΣCasa APP

Package Contents:

- » 1 x ΣThermostat
- » 2 x 1.5V AA Batteries
- » 3 x Adapters (Danfoss RA, Danfoss RAV, Danfoss RAVL)
- » 1 x User Manual

Package Informations:

- » Packing Dimension: mm
- » Packing Weight: kg
- » Carton Dimension: mm
- » Carton Q'ty: pcs
- » Carton Weight: kg
